Chapter One: "Yukana"

As Yukana came back from a small mission he was welcomed back by his father, "Hello Yukana" said Yukana's father with a low tone voice and bland emotion. "Hm.. Hey dad.." as Yukana replies back to his father he was so tired after fixing a timeline that was caused by some small one eye yellow triangle demon, he was known to be some multiversal threat, but somehow he got defeated by two twelve years old kids, which somehow confused Yukana from the fact that a fourth dimensional one eye yellow triangle creature got banish back to his realm after getting defeated by some random twelve years olds...

While some time later Yukana was resting down, a huge shockwave appeared across his kingdom. At first Yukana was shocked and sense something he never feel before! A strong entity or a celestial being was heading to its way that has really strong powers! Yukana felt endangered, he prepared himself outside the platform....

A few seconds later, something crawled out from the deep dark void...

"O-orokana??? Is that you??" Yukana stuttered his words, he was in shock because he hadn't seen his twin sister in five years after she abandoned her family behind because they treated her badly besides her big brother, she loved him, because he treated her like she was family besides her mother blaming onto her on everything, while her father was in full depressed from the fact that he blames it on himself, and he doesn't seem to often talk to his daughter because he's ashamed of himself. When Yukana came near her, he notice Orokana was a bit different, she wasn't like herself not anymore...

And instead something, or someone has taken over her, she started out being aggressive and roaring towards Yukana...

Yukana slowly backed away from Orokana, and go right up against the kingdom..

This was the first time the firm cowboy knight felt in fear from his sister...

Orokana formed her arm into a sharp knife and tries to slice Yukana, Yukana was able to dodged the attack straight away with his fast reflex!

“What the f*** Orokana!” As Yukana dodged Orokana’s attack, she came up right behind Yukana and punched him in the back, thrusting Yukana gasping for air. Yukana was able to get back on his feet, and tried to use a technique that he had...

“REPENT OF THE EYE! METEOR SHOWER **STAR FALL!**” When Yukana chanted out his abilities, Orokana was able to blast the attack back turning into dust! As Orokana was rushing towards Yukana, slicing his arm in half...

Yukana was in deep pain, he was able to use his abilities one more time, throwing Orokana in to a different universe far, far, away from him.

He knew it was the only way to put Orokana back to her place, because she was a far more greater threats then he have ever encountered.

As Yukana strikes himself down to the front of the castle, he was exhausted from the battle he went through, his arm was spurting out a golden glowing liquid that seems to represent blood, As Yukana was sleeping down peacefully, suddenly his mother came in from the castle, “Y-yukana?? What to happened you?” His mother was in full shocked from the damage that Yukana received. Yukana’s mother picked him up and took him in the castle to heal him up..

Few hours later goes by and Yukana wakes up on the bed, he looks down on his half cut arm and was shocked seeing it fully back normal, Yukana didn't believe at first, so he tried to test out his fingers moving them one by one, he felt completely numb after that, tired and exhausted from the fight he had..

His mother came in knocking on the door, She smiled nervously, looking down at her son’s completely healed arm, she was a bit joyous after all due to her son being fine. “Hmm..? Hey mom..” Said Yukana with a bland tone.

“So what happened back there?” As Yukana’s mother said her words she tends to get quite scared who or what tried to kill her son, As Yukana gets up from the bed and when he tried to stand up, he wobbled a bit, Yukana was able to comprehend his words and said “It's something and I have to go stop it or else other universes will be destroyed..”

“But why? And also its too dangerous! It cut your arm off in half! And if I’m not there for you then you’ll die!” Yukana’s mother shouted on to him, but Yukana felt no remorse whats for ever and instead he said “It's for the greater good.”

Yukana walks off outside dressing himself up to find who or what has full control on his sister.

In a while back in the battle, when Yukana saw her face, it was fully distorted, her mouth, her nose, her sight was fully melting into something..?

Chapter Two: "Before the aftermath.."

"I, Orokana claim in my name as the one and only person in every other universes, will sacrifice my knowledge, my will, my freedom, my sight, my mouths.."

Five years earlier....

"WHAT!? MOM WHAT ARE YOU TALKING ABOUT?! I didn't do it! I swear!" As Orokana said her words with a mix feeling mad and confused. "**LIES! STOP LYING!!**" Said Orokana's Mother shouting across the hallway, Orokana's mother were always stubborn, yet she treated her daughter less then her son Yukana, they were born both as twins, But they were both a polar opposites of each other.

One leads the light and taken as a god or an angel towards others, and always take everything serious.

The other one leads into misinformation, and loves joking around and doesn't seem to take anything seriously, and instead she takes them as jokes, the stars around the kingdom says she's known to be a "trickster" or "The god of hoax!".

Unfortunately, it made her lonely, she had no friends instead all she had was her brother, Yukana. He comforted her every night they were kids, He kept Orokana company, but when he turned Seventeen, that's when everything changed, he was granted immense powers from his father and his mother, but it was mostly his mother side because of the similarities abilities they have. When Yukana got his powers, he was taken in by his father having a talk about the multiversal threats and different universes, Orokana was a bit jealous of Yukana because how much of the attention he had from their father, she wanted to be honoured... She wanted to be loved by her parents, but unfortunately her father was a bit angry and blaming himself saying, "It's not Orokana's fault, it's mine, I've made her suffer...." After her mother screamed at Orokana, she ran off out of the kingdom, she was mad, infurious after what her mother did, she was tired getting all of the blame, she hated her mother so much that she would die herself out to end her sufferings, she willing to sacrifice others for her mother to end their sufferi

HATE, hate is a word that is form by the negativity in the universe, it brings the people you love the most turning into an abdominal mindset, you 'll act like a beast, you 'll be berserk, hate is something that impacted you, it drowns you into the dark, it makes you more reactive, you 'll be suffering in the red and black boiled void, the liquid will make your skin having blisters, your skin will slowly peel off revealing your muscles and your blood squirting out blending in the water, you 'll be blind by your hatred, your eyes will melt along with your skin drooling down your vision, we 're lost in our minds, we tend to ask ourselves who are we, but we never know why...

"I HATE YOU, YOU 'RE THE REASON WHY I 'M IMPACTED FROM HATE! I HATE YOU, THIS IS YOUR FAULT, I F##KING HATE YOU!!! " Orokana scream and swear on her words towards her mother, that's when she snaps out and quickly leaves her home behind and travel off into the dark abyss stars...

As her mother rushed out and kept screaming Orokana 's name, "OROKANA! WHERE DO YOU THINK YOU 'RE GOING, GET BACK HERE YOU!" She ran towards her fast as she can until Orokana left farther away into a different dimension..

Fast forward to four years later on....

Orokana was sleeping in the middle of space, completely out of nowhere but next to some planets, Orokana had a thought to her mother, she wanted to become better and impressed her mother, she was willing to forgive her..

She decided to open a small rift throughout space and time and travel through the second to third dimension, while traveling she had a second thought asking herself if this is the right thing to do, but she didn't cared, and was a bit stubborn..

When Orokana got to her location, she looks down at the temple tomb, and landed softly in front, "Hm.. Okay Orokana, if we 're risking this then so be it.." After Orokana talked to herself, she entered into the tomb and see the a three headed monkey with four arms meditating, it notices her presences..

"What brings you here for a young foolish god like you." said the three headed monkeys. "Well I was wondering if I can get powers! And become stronger!" as Orokana answered them, the three headed beast turns it head around and turns their body, "For what purpose?" They asked, "To uhm... uh.." Orokana felt uneasy with her words but then found it. "To make my mother proud!" Orokana shouted out her words, "Hm... very well.. Then there will be a big sacrifice, a cost, a payment." Said the three headed monkeys, "uhmm.. Hmm.. well I would like to sacrifice everything that I have..." When Orokana said it outloud towards the three headed monkeys, the ritual had begin..

"start talking, and I 'll grant you intense of amount of power.." said the three headed beast.

"I, Orokana claim in my name as the one and only person in every other universes, will sacrifice my knowledge, my will, my sight, my mouths, my powers, towards the god of the three monkeys, and I will worship you, and thank you for the immense powers..." As Orokana said her words out loud towards the god of the three monkeys, she brought a knife to cut her hand to make a wound wide open and squeeze her hand to get the blood out, Orokana try to stop herself crying from the pain, she kept focusing on herself and said this was for the greater good..

As the blood touched the floor, a huge celestial of powers that the three headed monkey granted hit Orokana in the head that she has been knocked out, hitting her head on the floor back, Once she got her concocious was back, her body and her mind didn't feel like it belong to her and instead it has now belong by the celestial power, her hearing, her sight, her voice, now has belong to the celestial. "Fling." said the three headed monkey, Orokana 's body was fling throughout trillion of light years way with the celestial body, "YOU WILL **PAY** YOUR ACTIONS!" shouted the celest

After Yukana get himself prepared, he picked out a sword sliced to open a rift, Swoosh! The rift opened in front of Yukana in his home, he decided to walk in the rift which led out to be a bridge that leads to many different dimensions and universes, a small threat of a huge alien-like monster came in and tried to eat Yukana thinking he was a bait. Yukana killed the monster with a single finger instantly, the flesh and their eyes and their bones turned into sand immediately outside the bridge, as he walks in searching in desperate, he choose his location and decided thinking in his head, "hm, I think I'll take a small visit to the third dimension.."

I mean I didn't see you y'know?" said Yukana apologizing toward the green alien, "Ugh it's okay you" said the green alien, they were somewhat okay towards the fact that Yukana apologized towards them and they decided to forgive them, "Anyways, what the hell are you even doing here man?! This place is somewhat of a danger zone!" as the green alien expressed their confusion out towards Yukana, he replied back, "Well I'm a bit of hurry and I'm just trying to find the god of judgement! Y'know?"

"Hm, I can probably help you out with that!" said the green alien, "R-really? You're willing to help me out and find the god of judgment?" as Yukana turn his head back toward the alien, he was a bit surprised after he said his words out, "DUHHHH! YEAH! I can probably help you out! Only if you help me!" after the alien replied towards Yukana's comment, Yukana thinks for a moment and agreed, "Alright! So what do I need to help you with?" said Yukana happily, "Uhhhhh can you help me out and like find the god of the three monkeys?" asked the green alien, Yukana replied back nervously, "Uhhhhmmmmmm maybe..?" Yukana and the green alien stared at each other awkwardly, and the green alien jumped on Yukana's back and shouted, "I'll take that as a yes!!! Anyways if you wanna go find the god of judgment, It's at a far, far, far away position from the multiple universe! Leaving a complete lonely small universe alone!" Yukana wasn't sure about this trip but risked it! "uhm, okay then!" he decided to continue walking around the third dimension, "So uhm, what's your name?" said Yukana trying to pick up a conversation with them, "Uhhhh Zuble!" they replied back, "Wow so like where did you came from?" as Yukana questioned, Zuble gave him a ten minute explanation about how and where did he came, "Whoa, that's some bit of a wacky story of you" said Yukana, he was a bit of a sudden bland mood tone, "So what brings you here, besides the fact that you're trying to head over the god of judgment!" asked Zuble, Yukana replied, "Well, I'm just trying to find my sister y'know? I saw something has taken over her, and I'm planning to ask the god of judgment to help me out! And I need to get a horrible entity out of her body!" Zuble was a bit in shocked at first but was willing to help their new friend out, "Well I hope your sister is okay?" Yukana felt somewhat of a remorse and said to himself, "Yeah.. I hope so.."

Chapter Five: “Divine heaven!”

While traveling to many different universes, Yukana saw the space turning darker which signals him it was turning night, Zuble decided to hop off of Yukana's back, and layed down for a minute, "Wow, the stars are beautiful.." said Zuble with an amazement tone, they were a bit sleepy, Yukaana decided to reply in a agreement, "Yeah, indeed, they are." Their eyes were taking away their vision and they both decided to sleep off for the day...

The next morning..

"Hey wake up you!" as Yukana was slowly opening his eyes, his hearing was a bit muffled hearing from Zuble, SLAP! Zuble slapped hard as they can on Yukana, waking him up from the nap, "W-WHA-WHAT! WHEN HOW?!" As Yukana was getting a bit mixed up on his word's he was full in distressed, an tired, "UGH ZUBLE, WHY THE HELL DID YOU WAKE ME UP!?" Shouted Yukana, "Errmmmm, that's because we're getting near our location you bum!" replied Zuble with an annoyed expression, Yukana slowly gets up from his nap, and decided to stretch himself up taking away from the stressed, "ughmfm..." He muffled his words up, Zuble didn't hear him very clear but just ignored and hopped on his back, "Giddyup you!" said Zuble charging their fist through the sky "ughh.." as Yukana expressed his words out, he was exhausted and started walking toward the path, Zuble and Yukana looks at the different universe and see how some of the people ending up in a bad or good fate, the multiverse was full of possibilities, with different ending, with a different story but the same ending, It was interesting toward Zuble since their species does not explore the universe's due to the fact not to cause any harm toward other's.

"wow.. So many endings, so many possibilities..." Zuble put their words out, expressing with amazement and fascinated, the view was beautiful as if the stars were dancing along the purple void with the different universes, It seems calm, Zuble really wanted to reach their hand out and touch the stars, Zuble saw a universe where a planet that resemble earth two times it size, and it looks like there's a huge war going on down there, giant purple clouds of gas and purple flames rising above the atmosphere. Zuble didn't care and returned to focus on the main task and walked off with Yukana. Suddenly Yukana stumbled across a space filled with clouds...

"Jeez! It's a bit a foggy place here..!" Shouted Yukana, he flap his hands back and forth trying to clear out of the fog, until he bumped into a cloud like creature that was craving hunger, and was full on berserk, blood was everywhere, it was craving for blood...

The creature kept screeching, signaling Yukana running away from full on madness beast, **"ZUBLE GET ON MY BACK, WE GOTTA GET THE F##K OUT OF HERE!!!"** Shouted Yukana, Zuble hurriedly climbed on Yukana's back and they both started running away from the monster...

"KEEP RUNNING!!!!!!" Shouted Zuble, They were both in full panicked, even though Yukana can try to one shot the monster, he was afraid that he'll hurt Zuble, causing the impact to destroy many universes, while running, Yukana tooked the risk traveling to multiple universes trying to lose his trail from the monster, but this monster was a bit of a clever one, Yukana thinking happily and was a bit out of breathe by losing the monster..

Rip! The claws were digging in out of nowhere, for the first time ever Yukana felt endangered, he has never seen a monster that ripped throughout the fabric of space and time itself, he wasn't able to make out of a word, and a bit of comprehend, his hearing was in blur, Zuble kept calling his name in full panicked, "Yukana! Do something!!"

"Uh-Uhm!!!" Yukana was in full confusion and nervous from the fact that the monster was still following them, **"JUST KEEP RUNNING!"** Shouted Yukana, The monster ripped out of space barrier, causing it to cracked, it shattered like it was mirrors, time was the space between space and time is open to all species...

Yukana opened more rifts causing to escape, Zuble and Yukana jumped in while the monster chased them down, destroying and causing trouble around the universe's, after a while now, Yukana was getting a bit exhausted, and planned to use one of his tricks on his sleeves, shove's Zuble into a safe place, as Yukana turn his finger to replicate a gun, "bang." A huge vortex impact occurred causing the monster body to have a huge hole appeared. The monster was screeching out it's pain..

However this impact caused some space fabrics damaged Zuble on their left arm, their wound was cut and opened, "F#CK, ugh ehfhfn.." they shouted, and was in full pain, covering the wound with their right hand, "a-ahh.." Zuble was trying not to get too many blood out, Yukana was fighting off the monster, "Bang! Bang! Bang!" the monster lost too many of its body parts, at their last stand, the monster tried one more time to attack, Yukana dodged faster than light itself, and simply turn down his pinky, and index, and thumb, leaving his middle and his ring finger out in the open, resembling as a sword, he uppercut through its under its jaw to its brain..

The monster immediately cried out its roar from its suffering, and slowly Yukana pulled out his hand and wipe off the blood on his armour, and finally the monster died, "sheesh, what a mess! The council is not going to like this..!" said Yukana, then he remembered about Zuble, so he decided to check them out, "aahh.. f#ck..." Zuble gave their expression out with words signaling that they were in pain, "Z-Zuble? What the hell happened???" Yukana was a bit shocked and confused, "N-nothing..." Zuble tied their wounds up with a piece of cloth, "lets just k-keep going.." as zuble stutter their words, they were able to pick up the pace and wipe off the pain, Yukana decided to open another rift, He thought about himself thinking if the impact might've hit Zuble, but he brushed it off without a worry...

After a multiple universes traveling later, Yukana and Zuble stumbled across the god of judgment...

"Uhhhh I think this is the place dude!" shouted Zuble, "Perhaps.." Yukana was in a fifty, fifty situation, he doubted remembering this place way back, "Hm.. The setting looks different, everything has changed for sure..." said Yukana, "Well maybe you just don't remember?" Zuble commented on Yukana's thought on the palace..

Yukana decided to walk up to the front door, taking each step on the white marbling glass stairs, Knock, Knock, Yukana knocked on the door lightly, thinking nobody hearing him with each step sounding everyone in a rush in a phone call or doing paperwork, someone opened the door, and they were not happy..

"Oh... it's you again.." One of the angels replied back in a low annoyed tone, "Hi.. Uhm.. sorry for what I've did back then! Heh..." Yukana was apologizing nervously for his past actions around the palace, "Ugh come in" the angel roll her eyes, in the facial expression of annoyed...

To be continued.
