It was a warm and sunny day as kids and people walk through the cities and parks. As I'm playing with my friends at the park my friends motivate me to go down the slide. I hesitate but I gather the courage to slide all the way down. Thinking my parents are going to catch me. I'm going to zoom so fast I don't even think they can even catch me. For some reason as I got to the end and it was dark and I heard people screaming as I look up.

My eyes and mind couldn't comprehend what a huge dark mist right above us was. the look in horror as I see these creatures fall from the sky, like the world was going to end. I look straight down, my parents didn't catch me when I came down the slide. They were nowhere to be seen. I gaze the area for them as creatures run past me as they devoured and teared bits and pieces of human flesh off.

I wasn't far from home and as I ran through the field I look back to creatures coming towards me. As I duck I think if I can't see them they can't see me. I drop to the ground and hide in plain site I hear the roar of spacecrafts shooting and sending space bombs down. These creatures afraid of loud noise as they scramble.

My chance to make a run for my house and hide in my closet. It has been 2 gills as these creatures have appeared on my home planet. Everyone I've known were all killed. I don't know if anyone survived.

The Sense Of The Corrupted

The sound of the wind blowing through the air. The peace you feel when you hear the birds chirping. The gaze of the trees swaying as you take a deep breath out in mother nature's beauty.

“My name is Biriko Protector of the galaxy/world.”

Biriko born from nature filled with goddess abilities, and shown to be the Protector of this realm.

“I was never meant to be the Protector of the world, but I was chosen by my grandfather who had passed not so long ago. I wish I could pick him up in my pickup truck and ride off into the sunset like we always did. Or like those times where we tried riding bikes all across town. The times where I come home from school to see him making dinner so that we could go watch movies at the movie theater. Those are special memories never let them go. As you will see that time flies and when it flies it shows big crashes and beautiful landings. A daily routine of mine was to meditate in nature and gain the power below in earth's core.” Biriko covered in memories.

An unusual wind gust had flown and unbalanced Biriko as he senses a corrupt danger leaking into the world.

An Urgent Message

The alarm clock rings as Biriko struggles to get out of bed. Knowing that he needs to wake up as he gets a flashback. That flashback was a saying from his grandfather.

"The struggle of waking up is not how you wake up, it's the reason of choosing to wake up." said Biriko's grandfather.

"This meant a lot for me foreseeing that I need to wake myself up from the past and thrive on into the present." Expressed Biriko.

"Hey!! You're not supposed to be here." The guard said in front of the underground base.

"I just want to see the protector?" The teen said.

"No one is allowed to see the protector at this point." said the guard.

"Well fine, I'll just get past you." said the teen.

"Hmp, try your best little kid, come at me." said the guard.

"Ok slowpoke, you can't even catch me with those flimsy legs of yours." The teen said.

Biriko getting an urgent alarm ring knocking him onto the messy floor. Biriko angered by why the alarm had rang.

"We have an unknown teenager and he would like to meet you." said the security guard.

"Alright I'll there in one." Biriko struggling to get up.

“Why did I have to be up here so early” Shouted Biriko full of anger at the security guard.

“Um hello my name is Levi I’m from another planet and I came here from a plancrean. (spaceship) I’ve been in the hospital for a while. Once I came out I was told you lived here. They said the Protector was not taking any visitors, but I needed to tell you something really urgent.”

“What is it? Huh! You think that this Protector is going to believe you.” said the guard.

“Why are you yelling at a kid!!” Biriko real furious. “Com’on into my house or my underground palace. We can talk in private without this annoying person.”

“Who me”

“Yes you who else am I looking at.” As Biriko looks at the guard and sees what he would have never imagined. The Corrupted Brothers have come. “Ok we need to go asap.

“Wait weren't we going into your house?”

“Change of plans we need to get you safe somewhere far so you won’t get hurt.”

“Is it the things that attacked my home planet. They were like some corrupted beast.”

“Not just some, there are two of those corrupted beast. I trapped them in the most untouchable island. I casted the world's most highest protection magic. They were the two most powerful corrupted beast I’ve met.”

“I should have been more aware of my surroundings, but my time has come I shall give my power to someone I just met. This teenager has a lot of potential. This power will suit him well.”

A strong gust of wind blows the corrupt mist away as leaves fall from trees, grass starts to die. The planets core being damaged very badly. A bright beam flowing into space as it’s so bright you couldn’t even see. That beam flows straight into Levi as a new now everyone has now felt the new Protector has awoken.

A New Power Has Awaken

“What have I just witnessed,” the security guard said trembling.

The Corrupted brothers combine and turn into one deathly site to look at.

“Oh!! This overwhelming power feels different. I never thought this power could be awakened,” shouted the brothers.

This combined power cannot not be stopped by anyone. Only the protector can destroy the Corrupted Brothers.
