Chapter One: The Loss

Way back long ago when Aurora and Lunar were born everything was fine. Nothing seemed to go wrong but all of a sudden on a nice sunny day there was a big bang outside. All the clouds started to form and turn dark blue. Everyone can hear screams and crying from all around the city. After that Aurora and Lunars parents told them to go down in the secret basement so no one can see them. Aurora looked outside one last time. There were people flying jets and dropping bombs all over the city And people grabbing aliens and putting them in these cages.

The twins parents started packing up stuff and covering the windows. Before anything else happened there was a giant light coming straight at the house. There was a big bang. Aurora and lunar looked to the right to see their dad on the ground with glass everywhere. The twins and mom were terrified. They don't know what to do. These two men came in and grabbed their dad. Aurora and Lunar ran away and hid in the basement. The twins mom didn't want to leave her husband she told her kids that she loved them very much but it was time for her to go. Lunar and aurora had a shocked face and they started tearing up. The mom went in to the cage with their dad. All of a sudden the world was quiet they all left Vinasha world, Aurora started hugging lunar and just sat in corner crying.

As the twins started getting older and missing their parents a lot more. They need their revenge..

Chapter Two: The Secret

It's been a couple of years since the huge war. Aurora and Lunar have grown they have a apartment with there friend Solar. Their house in the middle of the city and everyone knows the twins since their parents were so special.

It was a normal day in vinasha world the sun was shining the sky was as clear as glass, no clouds in the sky Aurora was in the dining room drinking her favorite galaxy tea. Lunar was playing video games and screaming since she was in a bad mood. Aurora got up and realized something felt weird. She thought of as a ticklish sensation Aurora was confused but just brushed it off After a couple hours Lunar asked Aurora if she felt very dizzy and her brain felt weird. Aurora felt the same. They went to sleep and waited till the next morning to see if they can see if they can get help.

The next morning Lunar woke up and started to feel strange... she got up to go and brush her teeth but she admittedly fell to the ground

"What has happened to me?" lunar wonder. She has turned into this mermaid. "Did i shapeshift?" lunar said with disbelief on her face.

Lunar had screamed for Aurra but all of a sudden aurora turned into a unicorn. "What is going on with us?" cried out Aurro we must not tell our roommate our anyone about this.

Chapter three: Escape vinasha world

“ Aurora we need to leave. I've been thinking about mom and dad, i feel like we need to get our revenge on the people who killed our parents ”

Lunar explained to Aurora “I understand we should figure out a plan to try to escape this world.” Aurora said. I think i might know someone who has the secret map to get the globe.

After a couple hours of thinking Aurora and Lunar decided to go and meet professor Bob. He's the professor at milky way academy and the mayor of Viransherville.

“ he will definitely help us out and maybe be on our side to fight earth ”

“yeah most definitely.” Aurora and Lunar started walking the to the mayor office to see if professor Bob can help, as they walked in to the big glass building with 115 floors they went into the elevator and Lunar pressed the button that went to the tippy top of the skyscraper. Once the door open there was a huge waterfall and as they started walking to Bobs desk the water started to open to him eat donuts.

“oh hey guys!” bob said with a shocked but happy face.”

“why'd you come up all the way up here to see me?” Lunar and Aurora stood there awkwardly.

“So umm were trying to leave vinasha world to go and fight earth and we were wondering if we can see the map that can take us out of here”

“Aurora said super fast with a nervous look.”

“we can all look at it in my secret room.” bob said. Bob got out of his chair, he was super short with two huge eyes and big glasses. Once he got out of his chair he grabbed his pet piaget and started to go on him like a horse.

“follow me”

Said with a serious look. As they went to the room he punched in a code that was super long.

The doors have started to open. Lunar and aurora made a shocked face when the map was inside a glass cage and lasers everywhere.

“PIGLET turn the lasers off for me pleaseee” Bob yelled. Once the lasers turned off they walked to the glass with the map, Bob grabbed the key from his pocket and unlocked it. Bob grabbed the map and a table started to appear from the floor. He sat the map on the table and laid it out.

“As you can see you guys should probably go here to here then go over the bridge and here then left to right but make sure to now awaking the great space monkey when you get to that part” Bob started pointing out areas where Lunar and Aurora should go.

“got it” Aurora and Lunar said at the same time very confidently.
“i feel like you guys need a company to go with you guys it's not safe just for you two girls.

“cyber!!” yelled Bob. This dog robot dog have came in he started running around and jumping everywhere..

“settle down cyber.” Bob said. Cyper sat down with his tongue out. “you guys look after him when your on the adventure he can shapeshift into transportation.

“Okay thank you” Aurora said. Lunar grabbed the map and walked out of the room and went to the elevator.

“Let's do this.”

Chapter Four:

The adventure and the great space monkey quard

“Hey guys before you go i have this magic ring for you too this will help with your shapeshifting” Bob runned back to them and explained.

“Oh thanks...” Lunar said while grabbing it out of his hand. Professor Bob jumped onto his cloud car and zoomed away. Lunar, Aurora and cyber started to walk to the rainbow path that takes them to the end of the world, Lunar started to say how she was super hungry and that they only packed a couple thing which they didn't want to eat. Cyber started to shapeshift in to this oven. The Oven door started to close. The twins were super confused. But all of sudden they door opened again and Galaxy cupcakes came out they smelt so good like vanilla, strawberries and brown sugar Aurora and Lunar was so excited.

They continued to start walking again which took a long time.

“My feet are starting to hurt” Aurora complained. Lunar agreed. Cyper formed into a big motorcycle sidecar Aurora and Lunar jumped into the motorcycle and started to go again.

After a couple hours. Aurora saw something in the distant she was pretty confused and was getting concerned

“Do you guys see that in front of us?” Aurora asked. Lunar answered with a weird look on her face squinting her eyes to maybe get a better look. All of a sudden they hear and big snore.

“omg... is that the great giant space monkey professor bob told us that we would run in to him and that we should awaking him” Lunar explained to Aurora.

“we must be as quiet as we can...” all of a sudden cyber started barking at a space squirrel really loud.

“CYBER NOOO” screamed Lunar with a shocked face. The monkey woke up, he started to get up with a grin on his face by the look on his face aurora and Lunar knew he was mad. Really mad.

The space monkey started to jump around and started to pick up dirt from the ground.

“we need the ring to hide from him we can't let him know that we are the one that woke him up or else he will kill us.” Aurora said to lunar while going through there backpack to find it. Soon after aurora found it she told the ring to make all there of them be smaller. A light hit them and shrunk to the ground. All three of them started to run and try to get out of the circle.

The monkey started to run after them but soon after the three of them escaped and successfully left the monkey.

The Battle

After a long time of leaving Virnsha world to go to the real world, Aurora and Lunar finally did with the friendly helper cyber.

It is time for Aurora and lunar to finally get there revenge they been waiting for so long to actually help and free the dead souls of their parents.

Aurora and Lunar got suited up in diamond armor and gold armor to go and fight, they are ready.

“ cyber can you turn into a jet and bring us to the wilson kingdom to go and fight for what's right ” Lunar said to cyber. Cyber morphed into a jet that was camouflage and the windows were sper tintinted it was like a mirror.

Aurora and Lunar got on the jet and pressed a button for it to start. The jet started to zoom through the clouds.

Once they got there the earthling knew what was going to happened there was seven guards and one king with these weird guns that shoot out this green goo.

Aurora grabbed there backpack with all there stuff that they need to fight Aurora kissed the little picture that they have of their mom and dad and grabbed the ring that will help them through this.

They got out of the jet with there sparkle lipstick taser and all of there stuff.

“ this is what you get for taking my family away ” Lunar said with a mad and aggressive face she throughs and smoke bomb at them and hit bursted out with purple and blue smoke. The guards couldn't see what was happening so they started crawling on the ground. That didn't work sense cyber started to drool all of over them. All of the got up and ran inside of the castle.

“ Omg! We did it this is fantastic. ” Aurora said while jumping up and down with a smile on her face. But all of a sudden they hear this thumping coming from the castle it was the king... His name was mxl. He was as big as the castle and had a huge grin of his face.

Lunar an Aurora was terrified they don't know what to do. But all of a sudden cyber got up on his legs and started to run up to mxl and kick his stomach so he fall down. Mxl fell to the ground and ground started to shake. He tried to get back up but it was so hard. Mxl started to shed a tear and he said

“ Im sorry for taking your family and everyone from your world i didn't mean to make upset i just wanting the world to all be mine and that i can rule the world im sorry. ”

“ ill be right back ” said Mxl while getting up and walking in to his castle.

The peace

All of a sudden the gate opened again it was Mxl again but two people were behind him

"here you guys go i never killed them and i think it's time for you guys to have them back." Mxl said while having his head down.

"MOM, DAD!" Aurora and lunar screamed. They started to run up to the and give them the biggest hugs.

"we missed you guys so much" said the parents.

"we missed you too, were so happy that you guys are okay." Aurora and lunar said while crying happy tears.

"all of us are sorry that we took so many people can you guys forgive us?" said the guards and Mxl while there on there knees trying to beg for forgiveness.

"we suppose" while Aurora and Lunar started to laugh it off.

After all of that everyone came back home safe and sound with all their families coming back. Aurora and Lunar decided to make a bridge where both worlds can be connected.

And now they live happily ever after.
