Chapter One: Lady Days

On a bright and sunny day Freddie Noir and Hex, his beloved puppy, were driving around Shadowbrook in his new car, the Sigma Porsche Taycan. Freddie is totally loving it because he has only made it two blocks, and 10 ladies already gazed in awe as he drove past them. As soon as Freddie could walk, girls wanted him. Freddie has always had one dream and one dream only, to become the most rizzly man on Genovia.

"Heeey Freddie, can we get your Snap??" yelled the hotties.

Freddie pulls the car over and replies "For sure ladies!"

"Stay in here Hex, these ladies are mine." Freddie winks.

Hex nods his head in eagerness. He is excited to see how these ladies like Freddie. Although he knows they will love him because he is THE Freddie Noir.

Freddie gets out of the car and walks over to the huzzes.

"Yo, are you ladies new in town because I do not recognize you?"

"Yesss," responded the girls, "We just moved here from Simba Haku."

"That's so sick, but how did y'all know my name?"

"Oh Freddie," they replied, "everyone knows your name," they winked.

"Everybody talks about your luscious curly brown hair, and your HUGE muscles," the huzzes sighed in awe.

"And you can't forget about your gorgeous blue eyes," the ladies replied.

"Cool," Freddie replied, "anyways I have somewhere to be but here's my snap, make sure to text me you beautiful angels!"

"Okkk," the girls squealed.

Freddie hopped back in his sick car and drove off, blowing a kiss to the huzzes. Freddie loves the ladies, and he knows the ladies love him even more.

Chapter Two: No More Huzzes

Freddie Noir gets home, and immediately checks his snap to see if the ladies added him. He opens the app and realizes all of his huzzes snaps, are gone!

"OMG!" Freddie shouts, "What the heck is happening!!!"

Freddie checks the quick adds and sees a new person pop up, *finelady.com* He has never seen this girl before, and he knows every girl in town. All of a sudden *finelady.com* adds him, and it did not even ask to accept it, it just added her.

"Why did that just happen?" Freddie says, "That is not supposed to happen!"

"Maybe she can be my new huzz???" responds Freddie, "I could use more."

Quickly after, Freddie gets a facetime request from the unknown huzz. Freddie accepts it and sees the person who he thought was going to be his new huzz. It was some sort of dragon!

"Who are you??!!" screamed Freddie, "and why do you look so familiar?"

"I am Shenron!" she yelled, "The new dragon king after you destroyed my mother Saphira!"

That's why she looks so familiar!

"Are you the one that unadded all my ladies??!!" Freddie asked nervously.

"Indeed," the dragon king Shenron replied sinisterly.

"In fact, I have a challenge for you." Shenron announced. "If you want all your huzzes back?"

"YES," Freddie yells, "I NEED my fine angels!!"

"Okay then," Shenron sighs, "your challenge is to pick your favorite lady of all the laddies you have encountered, WITHOUT your phone."

"You will go on real dates with them, talk to them kindly, and figure out more about them then just their looks." the dragon king states, "you can only have 3 items to use throughout this whole process."

"Oh, and I will be back in 2 weeks." Shenron declares, "and if you don't have a favorite huzz by then, oh well you'll see..."

"Wait!" Freddie screams.

But just like that the dragon king disappeared. Now Freddie has to face the hardest challenge humanly possible, choosing the perfect girl.

Chapter Three: The Game Plan

After thinking long and hard about which 3 items Freddie Noir will get to have with this challenge, he finally decides. He is going to use his Rizz Wand, Fishing Rod, and his Sigma Porsche Taycan. The Rizz Wand helps baddies fall for him, the Fishing Rod helps to pull in the huzz, and the Sigma Taycan helps attracting the chicks.

"These items are totally going to help me interest the laddies, so then I can pick my favorite out of all of them!" Freddie shouts in glee, "right Hex?"

"Ruf!" Hex barks assuringly.

"If we are going to do this in 2 weeks Hex," Freddie says, "we are going to need a plan."

"I'm thinking we start off by driving around in the Sigma Porsche Taycan and play banger music, then use the rizz wand and get ladies to follow us back home!"

"Then, we can ask them all these questions and find out which one I like best!" Freddie shouts, "After I chose my favorite chicks, I will ask them all out on dates and get to know them better, just like the dragon king said to do."

"Hex, you are in charge of luring them to the date spot in case they say no." Freddie explains, "But of course they won't."

"But if they do, I will have so many other options, just incase." Freddie states.

"Hex, I think we will be juuust fine!" Freddie states.

"Ruf Ruf Ruffyy!" Hex yelps.

Chapter Four: Date Disaster

Freddie Noir's plan worked perfectly. He lured the ladies with the rizz wand, and he picked the ones that were the best. Freddie goes on tons of dates with the many beautiful huzzes he chose, but none of them would match his rizzful spirit. As one of the ladies walked away Freddie looked down at Hex and sighed a depressing sigh.

"Hex, why do all of these ladies seem so boring?" Freddie says moody. Hex avoids eye contact because he has no clue.

"Oop, here comes the next lame huzz." Freddie snarls.

"Hi Freddie!" the girl yells, "How are you?"

"I'm great!" Freddie replies, "How about yourself?"

"I am wonderful!" she smiles.

"So what is your name?" Freddie asks.

"I'm Bun Bun Dimples!" she states. "I love dogs with my whole baka heart, and I always try to help my friends who have no game pull."

"I do too!" Freddie yells, "I love my dog Hex, and I always am trying to help people pull!"

"OMGG, we have so much in common!" Bun Bun sighs in awe, "It's like we were made for eachother!"

"I know." Freddie says smirking.

"I really enjoyed talking with you Freddie, but I have to leave for volleyball practice." Bun Bun says.

"Okay bye Bun Bun!" Freddie yells as she walks away.

"Byee!" she shouts back.

Chapter Four: Date Disaster (cont.)

"Hex!" Freddie says excitedly, "she is the PERFECT huzz for me!"

"RUFFFF" Hex yelps.

"She is super sigma, and such a baka girl!" Freddie states, "she has the same hobbies as me, and she matches my energy." As Freddie was talking to Hex, another lady started to walk up.

"Heyyy Freddie Boo Boo!!" she screams, "I hope you don't mind that I called you that, but I just know we belong together!"

"Oh ugh.... yeah that's fine I guess." Freddie replies really weirded out, " Umm, how are you?"

"I'm way better now silly!" she says. "How is my King?!" she says staring into his eyes very creepily.

"Oh ughhh..."

"What is going on!!!" a familiar voice yells in anger. Freddie turns around to see Bun Bun Dimples behind him.

"We are on a date obviously!" the annoying girl shouts, "we WERE having fun until you CRASHED it!!!"

"Well I forgot my purse and I wanted it back" Bun Bun screams in frustration, "but I was just LEAVING anyways!!!" Bun Bun storms off and Freddie chases after her.

"Bun Bun waitt!" Freddie yells. "It's not what it looks like I promise!!"

"I don't want to hear it Freddie!" Bun Bun shouts "I thought we were meant to be but I guess things change." she storms off and Freddie stands there feeling like an idiot.

Chapter Five: The Heartbreak

Freddie is so glum because he knows he messed up with Bun Bun Dimples, who he thought would be his sigma huzz.

"Hex, I feel so bad because she thought she was the only lady for me, while there were so many other dates." Freddie states, "but I know that she is my sigma queen!"

"Now the only question is how to talk to her after this whole thing." Freddie says, "do you think she will even listen to me?"

"Ruff..." Hex barks not very confidently.

"You know what, I am going to go talk to her right now!" Freddie insists, "she can't hate me forever." Freddie drives to Bun Bun Dimples house with flowers for her because she loves a rizzy man, and he knows what he is going to say to win her simping back. As Freddie walks up the stone path of Bun Bun's house, he hears a deep man voice coming from inside. He looks in the window, and sees something so horrible he can't even comprehend it!

"What the heck!" Freddie cries, "Why is there another man in her house!" This man was not just any man, this was Skibidi Stanley! He was the other guy in the neighborhood that had almost as much game as Freddie. He was like second place! Freddie is heartbroken over what Bun Bun has done.

"Why would she ever chose Skibidi Stanley over ME!" Freddie cries, "I am obviously so much better!" Freddie has had enough, he walks right up to the door and knocks. Bun Bun Dimples opens the door and gives Freddie the most awful glare he has ever received. Maybe the only glare he has ever received because everyone is obsessed with Freddie.

Chapter Five: The Heartbreak (cont.)

"What do you want?" Bun Bun says cruelly.

"I just wanted to tell you we belong together and I know I was a jerk but you have to take me backkkk!" Freddie yells, "I need to be your King again!"

"Freddie, I do not want to hear it!" Bun Bun screams, "you broke my heart because of, well you know what you did, that was SO not sigma!"

"I am so sorry Bun Bun!" Freddie replies, "I really do want you to know that you are the most baka girl I have ever met, and you are so sigma!"

"Just go Freddie!" Bun Bun says.

"What seems to be the problem here?" Skibidi Stanley states.

"Nothing Skibidi." Bun Bun says, "Freddie was just leaving anyways!"

"But Bun Bun!" Freddie stutters.

"Go home Freddie!" Bun Bun yells.

"Okay fine, but just know this," Freddie says, "I will be back to win your heart!"

"Good luck with that!" Skibidi Stanley replies, "She is MINE now, I am her King and you will just have to deal with it!"

"NEVER!" Freddie screams.

"Freddie," Bun Bun states, "please just go." Freddie walks back down the stone path, hoppes in his amazing car, and drives away.

Chapter Six: Simp at Last

Freddie is so devastated that Bun Bun Dimples is ignoring him. He knows he has to win her back, but how? Suddenly Freddie has the best idea, he runs to Hex to ask if this is a sigma plan.

"Hex!" Freddie shouts, "I think I have the best idea in how to win back my baka girl!"

"Ruffy!" Hex yelps happily.

"I remember that on our date, she told me that she loves puppies." Freddie says, "Then I told her I did too, and we had a great time talking about it!"

"So my plan is, I show up to her house with a bunch of dogs, and she picks which one she likes the best then maybe, hopefully, she forgives me!" Freddie is so happy in the idea of Bun Bun forgiving him that he gets on it right away. He calls the adoption center in Shadowbrook to demand all of their puppies up for adoption to be included in a huge gesture, they of course agree because they love grand gestures.

"I have the puppies, all I need to do know is find the freshest outfit, and spray breath spray, then I will be pulling Bun Bun back!" Freddie states. Freddie is prepared for his grand gesture to Bun Bun Dimples. He gets in his Sigma car, and drives off. He pulls up to Bun Bun's house looking mighty fine. He has confidence and swag. He goes up to Bun Bun's door, and knocks.

Chapter Six: Simp at Last (cont.)

Bun Bun opens the door and Freddie gives the adoption people the cue to come.

"Bun Bun," Freddie says, "I know I messed up, but hopefully this will change your mind." All the puppies come running up to her and she shouts in joy.

"Oh Freddie!" Bun Bun yells in glee, "How did you come up with this?"

"On our date, you told me you loved puppies, so I thought you could pick one out to keep because I know you do not have one."

"Oh Freddie, that is the nicest thing someone has ever done for me!"

"I feel terrible about the whole other lady date, but as soon as you left, I told Hex that you were the baka girl of my dreams!" Freddie announced, "Can you ever forgive me?"

"Of course I can Freddie!" Bun Bun says, "After what you just did, I would LOVE to simp over you again!"

"Really?!" Freddie says.

"Really." Bun Bun tells him kindly.

"YAYYYYYY!!!" Freddie screams in happiness. Freddie does not respond because suddenly, he gets a phone call from someone he was not expecting to get. It was finelady.com!

"Oh my gosh..." Freddie says shockingly, "I totally forgot it has been 2 weeks already!"

"What are you talking about Freddie?" Bun Bun says. Freddie answers the call from the Dragon King.

"Hello Freddie!" The Dragon King says, "It's been 2 weeks."

"I know," Freddie replies, "I have found the one I want to simp over, and she wants to simp over me."

"Hand the phone over to Bun Bun please Freddie." The Dragon King declares.

"How do you know her name?" Freddie asks. However, the dragon king does not respond.

Chapter Six: Simp at Last (cont.)

"Hello?" Bun Bun asks.

"Hello Bun Bun Dimples," the dragon king states, "How are you this fine evening?"

"I am doing great," Bun Bun says, "my King got me a puppy, and we are simping over each other!"

"Why did you want to talk to me?" Bun Bun asks, "I don't even know who you are!"

"I am the dragon king Shenron!" she says, "I am just calling because I gave Freddie a challenge to find someone he could simp over, or else he will have a terrible consequence."

"What!?" Bun Bun says, "you were going to MURDER my King?!"

"No, that was just to scare him, I just wanted him to treat his queen with respect."

"Well, you did a FANTASTIC job!" Bun Bun says, looking at Freddie with goo goo eyes.

"I am glad to hear I am no longer of assistance." Shenron states.

"Goodbye Freddie." Shenron declares.

"See ya Shenron!" Freddie replies. And just like that, Shenron the great dragon king was gone.

"Freddie, I am so glad my baka girl heart chose you to be my King!" Bun Bun tells Freddie.

"And I am so glad my sigma boy heart chose YOU to be my rizzful queen!" Freddie responds.

"We are going to make each other very happy for the rest of our baka lives!" Bun Bun states confidently.

"Oh, you know it girl!" Freddie replies gorgeously.
