Chapter One: Teleported

I had just got home from celebrating my 82nd birthday. I took a shower, brushed my teeth, and did my skincare and fell asleep right after because of how exhausted I was from celebrating my birthday tonight. But when I woke up, I realized I wasn't in my bed. I panicked thinking someone had kidnap me but then I just knew that I was on planet Earth. I could tell by the way it smelled and looked. I tried to ask people for help but I got scared knowing I have bad anxiety. I see an old friend of mine, Rattie.

"Hey Rattie! Long time no see!" I yelled to him once I saw him.

"How are ya doing Yuri!" he yelled back at me.

We run up to each other and shake hands for a while talking about how we've been doing.

"Hey, can you help me get back to Shinoba?" I asked him.

"Yeah, sure. How did you even get here anyways Yuri?"

"I don't know but I guess we'll find out soon," I said in a serious tone.

As we walk together, I see humans being weird and dirty. They are throwing trash all over the floor making the planet even more dirty than it already is.

Chapter Two: Best Buddies

"I know a guy that can help us," Rattie said interrupting the awkward silence.

"Okay, how are we going to get there?" I questioned him.

After questioning him many times, we finally end up at the guys house. We walk in and Rattie tells me to go sit down in the corner while he talks with a guy that I've never seen before. He looks like he could beat someone up. It worries me because he looks stronger than me but that could never happen, I'm not even human.

"Hey, Yuri! Come meet my friend, Nokia," he said sounding excited for me to meet the guy.

I walk up to them and shake Nokia's hand. His grip is firm like he doesn't want to let go. It feels like he's about to rip off my hand.

"Hello, my name's Yuri. And you are?" I said with my voice shaking a bit.

"Nice to meet you Yuri, I'm Nokia," he responds to me in a calming voice.

He seems like a nice person but his resting face is a bit scary. It reminds me of my brother. Nokia tells us to follow him as he starts unlocking a secret door. We get to a secret room and talk about a plan for me to get home.

Chapter Two: Best Buddies (Cont.)

Rattie leads me out with a fancy car that Nokia gave us. He gave it to us for free to which I am very thankful for.

"Yuri, I know one more person I think that can help us get you back home," he said while rushing to leave.

"Okay, just let me know when we're there. I'm gonna take a energy nap," I whispered to about to fall asleep.

He nods, understanding that I must be tired of everything that has happened to me. In the middle of the drive, we go over a big bump that startles me awake.

"AHH," I yelled waking up in a panic.

Rattie laughs and makes fun of me. He told me that we're almost there and said for me to eat a protein bar on the way. I take a bite out of it and realized that it tastes delicious, just like my mother's cooking. I missed my mom knowing she was gone forever. We get to the place and it looks rich. It's a very huge mansion that has many bodyguards surrounding it.

"Jeez, how many people do you know Rattie? You have gotta know a lot of people to know this one. He must be very rich huh?" I whispered to him not wanting the guards to hear me.

Chapter Two: Best Buddies (Cont.)

As we walk in, I look up seeing the high ceiling shocked because it looks like it could be as far as where the moon is. We go into a room where the owner is sitting down and working on his stuff. He looks up and turns around to look at us. He is a very scrawny guy with blonde hair. He walks up to his and shakes Rattie's hand and turns to me.

"You must be Yuri. My name is Nue," Putting his hand out to shake mine.

"Yes, it's nice to meet you too Nue," I said as I shook his hand with a firm grip.

We talk about how to get back and he gives us weapons so we could protect ourselves. We walk out thanking him for his generosity. We walk back to the car and drive off. As we drive off, we stop at a store to buy some snacks.

"We need to buy snacks," Rattie said in a quiet voice.

I nod and we walk back to the car. After getting the snacks we finally start our adventure.

Chapter Three: Adventure time

We head back to Ratties place after getting snacks for the ride. Rattie lives about 6 hours away so we had to take turns driving. As we head back, we go to a new gas station that had just opened up about 2 hours away from his house so we decided to take a look in it.

"Rattie!" I yelled.

"What?" he questioned me.

"I'll refill the gas so you should buy the snacks this time," I said while walking away.

"Tsk, fine! But don't be upset if you don't like the snacks I buy for ya!" he yelled as I was walking away.

I stand there waiting for the gas tank to fill up thinking

"Jeez, why did gas have to become so expensive?" I thought while taking out the gas handle.

We head back to the road and this time I drive while Rattie rests. There was about one more hour left to go but suddenly someone jump in front of the car almost making me crash into them. I stop abruptly and run out of the car.

"Hey you! Are you okay?" I question the person but he doesn't answer me.

Chapter Four: Trouble!

I step closer trying to take a look at his face but he keeps hiding from me.

"I won't hurt you. Who are you?" I said walking closer to him slowly. As I get closer to the man, I realize he is my enemy from my home planet.

"RUBY!" I yelled chasing after him.

I caught up to him and started tying him up to the car asking many questions.

"Why are you here? Are you the one that made me come to this horrible planet Ruby?" I questioned him in a serious tone.

He doesn't seem to care and just ignores me. He suddenly starts laughing and attacks me. Rattie wakes up startled by me screaming and grabs a taser.

"Rattie, help me!" I yelled trying to get Ruby off of me.

Rattie runs up to Ruby and tases him.

"Rattie we don't have much time before he wakes up. We have to hurry and get the key chain and bubbles out of his pocket!" I yelled in a panic.

Chapter Four: Trouble! (Cont.)

I run to Ruby and search his pocket and find both the bubbles and the key chain to home. I grab Ratties arm and push him into the passenger seat speeding off into the darkness of the night. Once we got to Ratties house, I ran in and locked the door.

"Rattie, this is how I get back home," I said almost in a soft voice.

I thank Rattie and tell him that I will visit more often now that I have the key chain and bubbles.

"I'll be on my way now Rattie. Bye," I walk out the front door and look back at him. I turn back around and I blow a big bubble. I wave bye to him while I float up into the beautiful starry sky. I control the bubble making it take me back to Shinoba. I can't sleep so I start watching the beautiful stars and planets go by quickly.

Chapter Five: Going back home

I finally get back to Shinoba. I pop the bubble and walk back to my house seeing missing signs and posters of me.

"Why me though? I thought no one liked me," I thought to myself.

I keep getting weird looks like people are *Proud* of me.

Someone runs up to me and says "Thank you Yuri! You have defeated Ruby and saved the kingdom! We all want to thank you by making you our new king," the girl says making everyone cheer and clap.

"You guys really think that of me? A leader?"

"Of course! You saved the planet Yuri!" she says smiling at me. I thank everyone for the things they have done for me and walk back home. I lay down on my bed thinking about everything that had just happened. I miss my old friends and wish they were with me right now.

Chapter Six: King of the freedom

A couple days later, I stand on the balcony looking at everyone on this planet. Everyone is happy and cheerful. Seeing people having this much fun makes me happy. I start my speech thanking everyone for the things they have accomplished. I also talked about me growing up and my family. I end my speech and I hear clapping and cheering. I smiled knowing that I was going to be their best leader. I teleport back to Earth with my bubbles and go to Ratties house.

"Hi Rattie! Nice to see you again!" I yelled excitedly running up to hug him.

I take him to my planet and introduce every to him.

"This is my best friend Yuri and he was to one who helped me defeat Ruby." I told to everyone.
