Cotton Candy

Floura

Sparkleberry

Origin Story:

This item was made with the thought of how pink and sparkly my planet is. My planet also is very happy so the cotton candy will be even more sweet than other cotton candy. It will also be how all the trees are around cause my planet needed some plants.

Appearance:

It is a big tree with a ton of pink sparkle cotton candy on it found just all around town.

●very yummy

◆sparkle tongue

★float

This new kind of cotton candy tastes very good. And yes it does taste like sweet berries.

Sometimes after you eat this your tongue may appear sparkly. It has a very very long lasting taste but it does go away eventually.

Sometimes eating this may result in being able to float, but this doesn't happen very often.

Chapter One: Introduction

Hi! My name is Bibi and im a 3-year-old monkey from Billoisie, which is literally all unicorns and rainbows. I just have 2 main goals in life; number 1: make everyone Laugh and make them think i'm

pretty funny; and number 2: make people see the world as unicorns and rainbows just like i do! Everyone deserves to be happy, even back at home, because if you're not happy anymore, it's a disease; everyone at home is supposed to be happy, all the time! I've always been happy, but when i was just a little girl my parents died due to the disease. I never really got to know them that well, or even knew who they were. Hope you enjoy my story, A Lost Monkey With a Lost Name.

Chapter Two : A fight for a friend

Sometime soon, I'll be headed on a journey to another planet to make a new friend! All the kids here think im weird and have too much joy. Which I don't really understand, because I thought we were all taught to be joyful, but I guess they weren't taught as much as I was. I also don't really fit in here either. Everyone makes fun of me for my height because they're all taller than me, and im not gonna grow as much as other kids. Im off tomorrow to find a new friend; I just don't know how to get to another planet. I GOT IT! I'll take the train to another planet! I just don't really know how to get a ticket cause im just a little monkey

Chapter Two : A fight for a friend

So I thought and thought and thought. Oh, wait, I could just go to the train station. Silly monkey. So I grabbed my tutu and my little bow, and I was off skipping to the train station. As I was skipping down the street, I saw a group of girls from school; they always make fun of me. They are all laughing at me, saying "oh look, it's baby Bibi coming down the street!" so I just pretend to laugh; I don't let it get to me because I can't be sad, and they say it so much that I just don't care anymore. But I finally arrived at the train station for my ticket. When i went up to a man to get my ticket,he said "hello young lady, how can I help you?"

Chapter Two : A fight for a friend

Well, yes, I would like to buy a train ticket" i said.

"beautiful! And what's your name?" He asked. I gave him a look of joy and answered "Bibi!"

" What a nice name, Bibi; let me get you that train ticket" he said. After he got my ticket, he said "that will be 2 oz of glitter please" oh shoot! My glitter; i forgot it at home! "uhm sir i hate to do do this but i forgot my glitter at home im so so sorry i really need this ticket can i just please pay you tomorrow?" i said. Then he replied

"No, you really need to pay today if you want this ticket."

Chapter Two : A fight for a friend

So i grabbed the ticket and ran as fast as I could, but just as I got out of the station, I faintly heard "you'll regret this!" but just then I randomly felt so dizzy, and I could feel myself slowly fading away...

Chapter three : A sudden awakening

When I woke up, I was sitting in a hospital, in a weird hospital gown that smelled like fish. Yuck. So I called down asking for a new one cause i could not stand the smell, it was so horrible. They sounded... surprised? I wonder why. So they came running up to my room asking random questions like "when is your birthday?" or "what's your name?" They were so shocked that they were yelling. "Shhhhh," I said, "why are you being so loud?" "Well, you've been asleep for a week now," they said, still panting from running all the way up here. "But please, we must make sure you still have your memory."

Chapter three : A sudden awakening

“Then started to repeat the same questions. “When is your birthday?” and “What's your name?”

“Psh, what's my name?” I said, laughing. Wait. What is my name..? “Uhm, sorry, I actually don't know.” I thought that would be an easy question, but I didn't know what my name was.

Wait, it must have been the train station guy. “I gotta go to the train station!” I said, suddenly jumping out of that smelly hospital bed to go back to the train station. I walk out of the doors into complete darkness. Why is it so dark out? I wondered. And I know what you're thinking, no, it is not just because it's

nighttime. Wait, no, it couldn't be.. It's a "nightmare. We haven't had a nightmare for almost 100 years. Why now? I started to panic, wondering why the nightmare showed up now. Could it again be the train station guy? I stopped thinking about that for a minute, and suddenly my eyes got watery, and I started to cry. I mean im a three-year-old monkey, what else could you expect? I sat there for a minute or two just wishing I had my parents, or maybe even..a friend. All of a sudden i see another monkey walking from the darkness who was just like me. Very small, pink tutu, a small little bow in her hair, and she was crying.

Chapter three : A sudden awakening

Could it be? A possible friend..for me? So I said "hi"

"hi, what's your name?" she responded. "Im not sure, I got it stolen, and I was on a mission to get it back, but all of a sudden it was all black outside" i said with a slight dim light reflected on us from the hospital lights. "do you want to join me?"

Then she responded "sure i could use a friend".

Chapter Four: Final mission

.I can't believe I finally found a friend! I'm so happy because I've never had a friend before, but it sure is nice to have one! “So were friends now?”

“ Duh, this is the first friend I've ever had!”

“no way me too!” I said. It feels so good to have a friend who finally understands me. But we need to get my name back

because if I don't know my name, then what would I do? My own friend doesn't even know my name. We need to find that man. And fast before something happens...what happens next?

No one knows.
