Ochako

Age: 16

Species: Human

Gender: Male

Home Planet: Earth China

How we Met

We both met because I was doing the mission Nube told me to do, I didn't know who ochako was, But he did knew who I was. We are the same race and we met in china.

Ability #1: Fighting

Ochako can Fight. With 2 swords or more. He is one of the most wanted fighter of all times. But he's not that good at reflexes.

Ability #2: Teleportation

Ochako can teleport everywhere he wants. He can just think or say where he wants to be and just in 1 second he's already there.

Chapter One: A Mission to Begin.

I woke up and saw I was in my bed but not exactly in my bed, It was a really weird place I've never been before.. When I turned around I saw my beautiful planet.. Blue planet. I realized I wasn't on the ground or something. Then I looked down and I was in a cloud. I started to tweak out and say in my mind

“ I'm high or what?”.

Then a deep voice said

“HAHAHA, No you aren't tweaking out, you are in my world.”

said the stranger.

I was really confused because I didn't even know who was talking. So then I said

“Whoever is talking show your face” looking around I heard a

“BOO”.

“AH” I screamed.

I saw a really big cloud guy, he kind of looked like a human though, and he said

“Did you recognize me?” with BIG CONFIDENCE... and I was just side eyeing him and going like

“OHHHH YOUUUU HAH SUCH SURPRISE!! How's the wife doing?”

I was saying that with a confused face.

Then he said

“Girl did you really not recognize me ?”

“Heh no.”

I told him

Then he said,

“Bruh, okay um so, I'm basically like a goddess?? You do know what that is right?” he said,

“Bro of course I know what that is, does it look like I'm dumb or what?”

I said,

“I mean yeah.. If you didn't even know who I was, imagine not knowing a goddess.” he said,

Then I stared at him with a serious face and said

“Bruh. Okay what's the point of me being in here sir?”.

He stared at me and said

“I'm here to give you a mission, a really serious mission I need from you”

Chapter Two: The Close Time.

“I am from a whole different planet no one knows about, but I've been knowing you since you were little Ichitaka Simon. I've always been there with you even though you didn't see me at all... My name is Nube, kind of your protector.”

He started to open a little box, the little box opened with a lot of technology no one has seen before. Like an invisible screen. He turned around and told me

“You are already older and ready for this mission, but I have to tell you that this mission it's going to be hard for you. You'll cry and you'll know new people.. a lot of things will happen. But all of that will be worth it.”

I was confused and with a face I have never made before then I told him

“WAIT WAIT WAIT, ARE YOU TELLING ME YOU ARE GIVING ME A MISSION AND THAT BAD THINGS ARE GOING TO HAPPEN TO ME??!!!!!! LIKE ME?!”

then he told me

“umm yes Ichitaka, but I told you it will be worth it... The mission is serious, your planet It's on terrible danger Ichitaka, you will have to know who's trying to destroy your planet, and change the future, I've been giving you signs from a long time ago and I know you been feeling those signs, but you weren't sure if you were feeling those things. You'll have to pass from door to door to figure out. Your powers and strength will grow and things will happen for a reason dear.”

I was shocked. I asked,

"How did you know that I've been having those feelings?."

he smirked

“Because I know you!, and I was and I'm with you every time.”

he turned around grabbed something and told me

“Here is a map, and something you can communicate with me so we stay in contact.”

Then he showed me a lot of tools and things and said

“pack up girl, time is running out. Grab whatever you feel you'll need for this mission. Be concerned about what you pick for the future.”

He walked away and left me so I could choose the things.

I was still confused.. but I did understand what was going on, somehow I still trusted him even though I didn't know him.. but it felt like I knew him forever. I started to pick materials and things to get ready for the future, to be honest I picked random things because I had no idea how it all worked.

Chapter Three: A New Arrival.

After that, I told Nube I was ready. He told me

“The future is going to change if you do the right thing, if you don’t, it will also change. Make sure to choose the right door.”

Then he snapped his fingers and then where I was standing, there came a hole and I fell down.

“WHAT NUBEEEEEEEEEEEEEEEE” I screamed.

When I was in the air, not even knowing I was going I saw so many portals and a lot of purple spots all over the universe, and one close to my planet. I didn’t have any idea what that was but I was focused on the mission. Then I saw this portal that was very interesting so I grabbed one of the things I picked from what Nube gave me and used it to enter the portal (lowkey I didn’t know what was the use). When I entered the portal. It was in a very colorful place at night, most of the things were red and yellow. I was trying to figure out where I was.. Until I saw a card saying

“Welcome to China”

I was looking at the card so confused but I saved it for later in case I needed it. I started to walk and look at the really beautiful stuff they sell, until I saw a boy really nonchalant and with 2 swords having the same outfit as me, as I walked past him, he got so surprised to look at me, then he entered in panic and he grabbed me from my arm and he bring me to an alley, a really creepy alley. Then he asked me

“What are you doing here Ichitaka?”

I looked at him confused and told him

“HOW DID YOU KNOW MY NAME?! And who are you?”

“I’m Ochako, and the reason I know your name it’s because of Nube dummy.” he said

“Oh you know Nube?”

Chapter Three: A New Arrival (Continues)

I asked him

“Yes he always yaps about you, he told me to be ready to welcome you.” he told me

“Really? Wait, how can I trust you?..”

I told him

“ Because I have nube on my walkie talkie DUHHHH and because you don’t have anyone else to go to.” he told me

“I still can’t trust-”

I got interrupted by something in my pocket, I grabbed it and definitely it was a walkie talkie on my pocket

“HEY, IT’S ME NUBE, GUYS RUN SOMEONE IS COMING FOR YOU TWO”

Then Ochako looked at me and told me

“You heard him”

he grabbed me from my arm and we both started running together

“WAIT WHAT? WHO’S CHASING US ???”

I asked confused and desperately

“I don't have time to explain RUN”

Ochako said, when I turned around there were demons chasing us

“OCHAKO WHAT ARE THOSE??? OCHAKOOOOOOO”

Chapter Four: The beginning for what comes next.

As both of us ran, there were more demons showing up, Ochako looked at me and told me
“Get ready to jump, hold on to me”
“What?”

I said as I was turning around to see more demons chasing us. Ochako carried me and we jumped so high to a roof, I looked at him and told him

“GET OFF OF ME BRO”.

I told him

“YOU WANT ME TO THROW YOU TO THE DEMONS??”

Ochako shouted.

I was looking at him with a doubtful face and said

“Ummm uhhh NO, OF COURSE NOT”

“THEN SHUT YOUR MOUTH”

Ochako shouted.

I said

“Bruh.”

Then I sensed the future and felt what was going to happen, I closed my eyes and I clearly saw the future. I saw how a demon was above us with a big sword ready to kill us in half. I opened my eyes and we were almost in the place where I saw the future. Desperately I looked at Ochako and told him

“OCHAKO STOP DON'T RUN”

“WHAT WHY?!”

Ochako was confused,

“JUST STOP,”

I yelled at him.

When he stopped. Eventually the demon came above us and almost killed us.

“SEE? THAT'S WHY I TOLD YOU TO STOP RUNNING”

I yelled at him..

Chapter Four: The beginning for what comes next.

Ochako was shaking..then reacted again, he grabbed his sword and he let go of me, he looked at me and asked me

“You know how to fight right?”

I looked at him with a sarcastic face and said

“Pff duhh, don’t you see I came from Blue planet? I’m a professional bum ”

"Okay, don’t look behind you though, if you do, first grab your sword first and get ready.”

Ochako told me,

heh and I clearly looked behind me and THERE WAS LIKE 20 DEMONS BEHIND ME. I started to grab my sword and I started to fight them. In 30 seconds I killed them all by the head. But now I was all covered with blood and breathing desperately because I was surprised how fast my reflexes were and how pro I was.. heh.

When I went to look at Ochako he was with a shocked face and his jaw opened. Then he told me

“GIRL HOW DID YOU DO THAT IN LIKE 10 SECONDS??”

Then the demon that was going to kill us woke up because he kind of got unconscious. Ochako got his sword on his hand because he was thinking he could help me with the demons, and then when the demon was going to attack Ochako he grabbed his sword and killed him when the demon was behind him with his shocked face.

“Well to be honest I’ve been learning since I was a kid so It’s not that deep. And it was actually 30 seconds that I killed the demons.. WAIT 30 SECONDS??!! WOAH HH THAT’S MY RECORD? OH YEAH” I shouted to Ochako with excitement,

“WAIT SO THEN WHAT WAS YOUR OTHER RECORD?? LIKE DOES IT HAVE TO BE AN SPECIFIC RECORD???!?”

Chapter Four: The beginning for what comes next.

Ochako told me with excitement.

“My record was like 50 seconds. On my planet, you have to learn how to have your reflexes fast and ready for anything, the record I’m finding is to be at least 10 or 5 seconds.”

I told Ochako, I was pretty chill.

“DANG GIRL TEACH MEEE”

Ochako said,

“Come to my planet, dummy.” Then a sound started to play like a signal sound, I grabbed my walkie talkie

“HEY GUYS IT’S ME NUBE!!!!!! Okay nevermind, so um Ochako can you please bring Ichitaka to the place? Where is the main mission she has to be? Thank yaaa”

Nube said.

Chapter Five: The Final destination.

“Okay Ichitaka you have to be ready for what comes next okay? Be ready, I trust in you.”

Ochako told me.

He grabbed my hand and he brought me to a wall like literally a WALL. We both started walking towards the wall and then a bright light came to my eyes. When I turned around we were in a whole different place just by crossing the wall. But everything was dark. There was only one door in front of us.. but I felt Ochako's hand was loosening, I looked at him and he nodded his head then crossed the wall and left me.

“NO! OCHAKO!” I yelled at him

but he had already left.

When I looked back at the door.. There was another door that popped out.

“What...?”

I said to myself, then another door came and now there were 3 doors. I was confused until I remembered Nube's words

“ The future is going to change if you do the right thing, if you don’t, it will also change. Make sure to choose the right door.”

I locked in and started to say

“Eeny, meeny, miny, moe, Catch a tiger by the toe, If he hollers, let him go, Eeny, meeny, miny, moe!”

I was pointing to the 3rd door. But I had a feeling that I should choose another door.. I wasn’t sure.. So I decided to use my power. When I was going to use my power, my power didn’t work there for some reason. So I chose the 3rd door, I went to open it and the door started to sound like screams and if someone was pushing the door to come out. I opened, closing my eyes. When I went to see what was inside there was someone that was covered like a ninja. With a big sword. The sword was covered with blood. When I looked around there were dead bodies all round the place. The ninja was killing someone so he couldn’t see me but then when I was going to enter he turned his head around and the only thing I saw

Chapter Five: ? ? ?

was his eyes. His eyes were red. Like if he was possessed. I reacted and said
“RUN.”

I was running as fast as I could, so the ninja couldn't catch me but he was pretty fast too, he jumped and grabbed his sword with both of his hands to kill me in just one shot. But I dodged him like 10 times. I grabbed my sword and turned around at the same time I was running. The ninja was confused and said
“Huhhehh??”

I started to fight him with my sword. We both were fighting. But I tripped because of a dead body on the floor. I fell. And the ninja didn't waste any time to kill me when I fell. I was on the floor and the ninja was putting his sword closer to me to kill me and I was also with my sword too, to stop him from killing me. I had an idea and took his mask off to see who he was and to distract him, I reacted fast. He got off me because he got distracted when I took his mask off. Until I saw a short hair when he/she Took the mask off, she turned around and looked at me and said

“WHAT HAVE YOU DONE” she yelled at me mad.

When I saw her.. It was me. Myself. Killing people and having red eyes being angry not knowing the reason. I started to panic. And walking in circles desperately.

“No, no,no,no,no,NO! THIS CAN'T BE RIGHT NO!”

I yelled in panic with tears in my eyes.

I didn't know what to do.

“YOU MADE ME, AREN'T YOU PROUD OF ME? THIS IS WHAT YOU WANTED!”

She yelled at me.

Chapter Six: The Spree

I reacted quickly and grabbed my sword because I got the chance that myself was distracted. I jumped and did a flip to kill her when she was on the floor throwing a Mysterious Bomba at her. I killed her in half. I grabbed her heart and with my own hands I destroyed it. I cleaned my tears and sat on the ground with my sword with my hands and my face covered with blood. I was mad. I didn't understand the reason why I was killing people and being angry. I looked at the dead body, I stood up and started walking, dragging my sword with blood. Thinking of what I did. Someone tapped my shoulder. I turned around with my sword to attack them.

“Woah, Woah, Woah, Woah Hey chill.”

Putting my sword down.

It was Ochako.

I looked at him and started tearing up being confused of everything that happened and said

“Ochako..?”

with my tears already falling.

I hugged him. And started crying on his shoulder. He looked at me and grabbed me from my shoulders. Cleaning my tears.

“You did it. Simon. You did it.”

Ochako smiled at me.

He grabbed my hand and told me

“Let's get out of here.”

We both started walking towards the door. When we exited, we teletransported to Nube's place. Nube was worried and walking in circles until he saw me.

He gasped

“ICHITAKAAAAAAA! ARE YOU OKAY?? WHAT HAPPENED?? ” he told me anxiously.

“I'm okay Nube.”

Smirking at him. Ochako looked at him and told Nube

“She did good. Don't worry.”

“Well I have good news! Since you killed yourself basically.. Your planet is not in danger anymore.!”

Nube told me.

After all of that happened, my planet is safe, and now, I basically live with Nube. I'm together with Ochako and always joking around with Nube. Now what's the next adventure?.
