Chapter 1 : The adventure

Fish Joe is living a normal life in Fishtopia. He wakes up in his fish apartment, puts on his sunglasses and goes down to the fish diner for pancakes and apples. Then he goes to his chill spot in the woods since there is no need to work on fishtopia because there are only 700 people, so there's stuff for everyone.

At his chill spot he looks over at the water and he thinks about what he wants to do in life. The first thing that comes to his mind is accomplishing his dream.

He always dreamed of finding the most magical sunglasses and the apple forest but people said the apple forest and the magical sunglasses were only a myth.

Chapter 2 : New beginnings

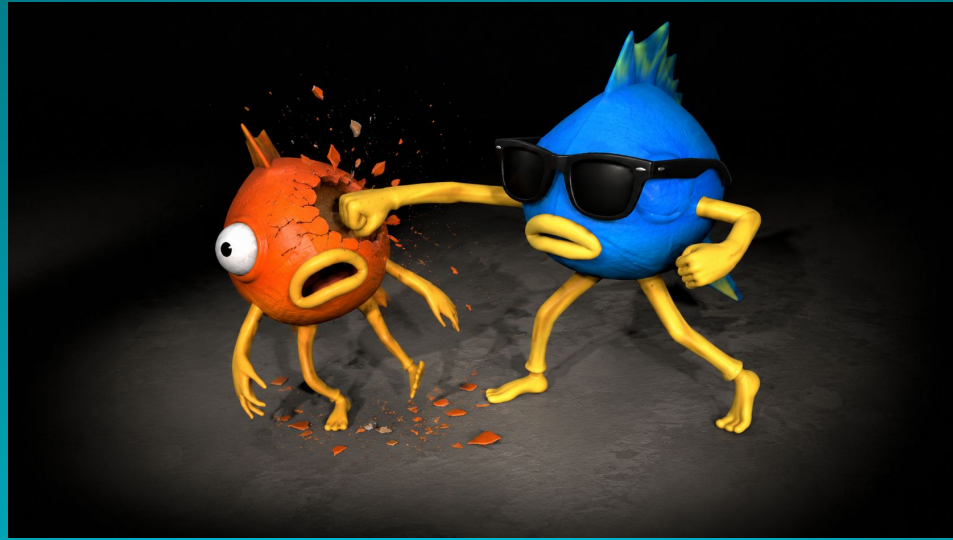

So fish joe decided it was time to take action and leave to go look for his dreams.

So he left his small village and brought his pet chihuahua George with him.

The first thing they had to do was climb the mountain k-3, the tallest mountain on fishtopia to pass through to the other side. Half way up they saw a dojo and a fighting master. So he and his chihuahua decide to train with the fish master and become masters themselves.

Chapter 3 : Trials and errors

After going to the dojo they went through various challenges. But one day, it came to the last one. It was the fish master himself. His chuhahaha used a radioactive lube split that the master taught him himself. The master was in utter disbelief for the excellence use of the radioactive lube. The master drew his sword at Fish Joe, but as he swung he forgot Fish Joe is immortal and everything that hits him bounces off of him and hits the other person back. Fish Joe says, “I'm sorry master” (in samurai voice). Then Fish Joe grabs the master with one hand since Fish Joe has super strength. Fish Joe punches the masters head leaving guts everywhere.

Chapter 4 : New enemy

Fish Joe and Chuhahaha George search the dojo for directions on the magical sunglasses and the apple forest. Chihuahua George uses his lube vision to see through any wall, and he finds what he's looking for. But what they also find, the ultimate lube shooter. Fish Joe and George take the map and the lube shooter to find the magical sunglasses. So off they headed to the magical lube palace and they met the lube goblin king. The Goblin king says “drop my lube shooter!” (in his Tony Soprano voice). Fish Joe says back “never you hairy lube man” knowing this is their last obstacle before he can reach his dream: the magical sunglasses.

Chapter 5 : The deadly fight

Then all of a sudden, can you take me higher starts playing in the background by Creed. The Goblin lube king says “you chose this boy” (in his Tony Soprano voice). They charge at each other, the goblins strength is the most unmatched in all of the universes. They go fist for fist, guts everywhere! But the goblin king is so strong he can hit through fish Joe's immortality. The goblin king hits him up into space, causing a supernova destroying half the Dreamvale universe. Then the goblin sticks his hand in Fish Joe's stomach and starts tearing out his organs searching for his heart. But fish Joe lands a nasty right hook to the head destroying half the goblin king's head leaving the goblin king's brain and eyeballs exposed. As Fish Joe is drifting through the universe thinking he lost,

Chapter 5 : The deadly fight

he remembers...where's George? George still had the ultimate lube gun and George transfers all the gun powers and all his powers to Fish Joe, sacrificing all his powers for Fish Joe. Then Fish Joe goes insane and summons black holes around them made out of lube and hits the goblin king with the exploding black holes. Then the goblin king says “I’ll have to show you my true power”. As he and Fish Joe go fist for fist again. But this time they're both at their peaks. Then all of a sudden it switches from can you take me higher to Its the final Countdown, and fish Joe powers all his power into one hand and hits the Goblin king in the stomach. Guts go everywhere and it causes an ultra supernova of lube. It destroys all the Dreamvale universe except for fishtopia.

Chapter 6: freedom

Fish Joe looks down across all the rubble and flies back to his planet, that's right he can fly now. He sees chihuahua George as just an ordinary chihuahua now but he transfers power back to chihuahua George so they are equals again. Knowing that the lube kingdom still exists and was the most evil kingdom on Fishtopia, Fish Joe places explosive lube everywhere and grabs the magical sunglasses from the lube goblin king's room and walks out. He exploded the kingdom like the scene from Batman when Joker explodes the hospital.

5 months laterFish Joe finds the apple forest where he and George live in a peaceful cottage in the mountains. Here Fish Joe wears his magical sunglasses everyday and he and George walk outside into the setting sunset and look off into the sky. Fish Joe says “I have no enemies george” (In a majestic voice) as Fly by Spectrum plays.
